EMERGE University Alliance

EMERGE (Empowering the Margins of Europe through Regional and Global Engagement) is a European University Alliance bringing together nine universities across Europe, including Université Rennes 2. The partners work together to expand opportunities for students and staff while strengthening their universities' contribution to their regions and communities.

With a particular focus on inclusion, multilingualism, sustainability and societal engagement, EMERGE develops joint initiatives in education, research, mobility, languages and cultures, as well as activities connecting universities with their local communities.

At Rennes 2, the **EMERGE Local Hub** provides a visible point of contact for the Alliance on campus. Students can find out more about EMERGE activities, events, mobility and other opportunities to get involved.

For more information about the Alliance and its activities at Rennes 2, visit the EMERGE page.
