Studying

The Rennes 2 University experience offers students the opportunity to learn from world-class teachers and aims to equip them with the knowledge and intellectual agility they need to better understand challenges of today and tomorrow.

Students can choose from a wide range of areas for study within the fields of: arts, literature, languages, humanities and social sciences, as well as sports activities. Courses are available at the Bachelors, Masters or PhD levels.

French Language Centre: the CIREFE

In addition to the specific courses offered by each discipline (about 20 at the Bachelors level), language and methodology courses are included in all Bachelor’s programs. Rennes 2 University also offers its students, at the Bachelor’s level, an original pre-professionalization teaching system, articulated around five professional fields.

Rennes 2 has also obtained the "***Bienvenue en France***" Label. Awarded by Campus France, the Label recognizes our institution's ability to provide quality welcome services for international students.
