**Studying**

*Students can choose from a wide range of areas for study within the fields of: arts, literature, languages, humanities and social sciences, as well as sports activities. Courses are available at the Bachelors, Masters or PhD levels.*

Diploma Programs

Master's Degree Courses

Vocational Programs

In addition to the specific courses offered by each discipline (about 20 at the Bachelors level), language and methodology courses are included in all Bachelor’s programs. Rennes 2 University also offers its students, at the Bachelor’s level, an original pre-professionalization teaching system, articulated around five professional fields.
