Learn French at the CIREFE

With more than 270 million Francophones around the world, why wouldn't you take the opportunity to learn or perfect your French!

The Rennes International Centre for the Study of French (CIREFE)

LEARN FRENCH IN RENNES, DISCOVER BRITTANY

Located in the center of Rennes 2 University's Villejean campus, the CIREFE is the largest institution in higher education for the study of French as a Foreign Language in all of Brittany.

The CIREFE allows international students to take French classes either in conjunction with their classes in other subject matters at Rennes 2 or as a stand alone full-time subject. In addition to learning the language, students will also have the opportunity to interact with other students from all over the world and participate in a number of cultural activities around the city and in the region.

Each year, the CIREFE receives each year more than 2,000 students of nearly 80 different nationalities. The Centre also belongs to CampusFLE, an organization that brings together nearly 40 French university centres for international students, and whose quality approach it follows.

Classes are designed for non-Francophone students who wish to learn French, or those who wish to improve their French for academic purposes, as well as better understand French civilization and culture.

The CIREFE offers:

Evening courses: 4 hours a week (1 semester free of charge for all exchange students)

- These courses are designed for foreign students who are following a curriculum with French students and are attending CIREFE classes to complete their French language training. Six (6) ECTS credits are awarded for this course provided the exams are successfully completed and the student has not been absent more than twice during the semester.

Full-time intensive courses (for the semester/year):

- 15 to 20 daytime class hours per week (based on the student level)
- All CIREFE diplomas are semester-based. They may be obtained in Semester 1 (S1) or Semester 2 (S2).
- 30 ECTS credits are awarded for each semester.
- CIREFE studies are organized according to the six levels of the Common European Framework of Reference for Languages (CEFRL).
- several levels of proficiency
