

## **Exhibition: Portraits of Trans Musicales Artists**

Contenu sous forme de paragraphes

**Come mark the 40th anniversary of the Trans Musicales with this photographic look back at the artists who have been part of it!**

The first edition of the musical festival, Trans Musicales, took place in June 1979. Thousands of spectators came to the Trans, but also thousands of artists. Thousands of photographs have been taken, official or more intimate. A selection of these photos are available for viewing at the exhibit, accompanied by excerpts from past interviews.

For information on this year's programme for the festival, please see their website. The festival will begin on 5 December 2018.
