

CIREFE Students Shine at End of Semester Gala

Performing in front of a full auditorium on December 20th, students took the stage to demonstrate their French and artistic skills.

The show started off with a series of musical numbers, including piano, saxophone, clarinet, and modern rock, in solo and group performances. It was followed by journalism and radio presentations before moving on to dance and theatre performances as well as a viewing of two short films created completely by participants of the cinema workshop.

The CIREFE workshops, led by art professionals from around the Rennes area, are an integral part of the CIREFE offer. Conducted entirely in French, the workshops give students the chance to relate their burgeoning language skills to an artistic endeavor. It's also a great way for them to better get to know each other and have fun in the process.
