

Meet the Director: Marcial di Fonzo Bo

Contenu sous forme de paragraphes

Actor and Director, Marcial di Fonzo Bo, is presenting *M comme Méliès* at the *Théâtre National de Bretagne*.

Conceived with Élise Vigier, this piece traces the life and career of an almost legendary figure of the French filmmaker Georges Méliès (1861-1938), a pioneer of a cinema turned both towards fairy tales and science fiction.

A pure theatre show, mobilizing, like Méliès, all the resources of the most artisanal stage (play, music, dance, magic, puppets and circus), in order to show today's children how an image is physically made.

Moderated by Priska Morrissey and Laura Naudeix. In partnership with the Théâtre National de Bretagne
