Procedures for Individual Students: 1st year students of Licence (Bachelor's degree) & DEUST Programs

Applicants with a European nationality (including Switzerland, Andorra and Monaco):

1. Applicants with a European nationality (including Switzerland, Andorra and Monaco):

European degree-seeking students (not part of an exchange program) should follow the same application procedures as French students and apply via the [Parcoursup platform](#). Guidelines and important dates are also provided (in English) on the [Campus France website](#).

Applicants from non-French speaking countries will also need to provide proof of a language certificate stating their proficiency at a B2 level. Students living far from Rennes and who need to pass the TCF for DAP (language test), can complete the procedure from a university close to their place of residence; that university will then forward the file to Rennes 2.

Citizens from outside the EU residing in France (DAP green file):

2. Citizens from outside the EU residing in France (DAP green file):

To apply for the next school year, candidates from countries outside of the EU but who reside in France will need to download and complete the 'dossier vert' (green file) of the D.A.P. This form is a prerequisite to registration for the first year of a Licence (similar to a Bachelor's degree program). It should be completed **between beginning of October and mid December (submission deadline by 15 December)**. This procedure concerns international applicants who have graduated with foreign qualifications and do not fall under the *special cases* category.

The DAP green file can be downloaded from the [Ministry's website](#).

Applicants living far from Rennes and who need to pass the TCF for DAP (language test), can complete the procedure from a university close to their place of residence; that university will then forward the file to Rennes 2.

Do you have a French language competence certificate?

Non-French-speaking applicants, or those who do not hold a B2 level French language competence certificate, must take a [language test](#) (TCF for DAP), organized by Rennes 2 University. This test costs around €70 and takes place in February. In case of unforeseen and duly justified difficulties, two replacement sessions are programmed in March in Paris.

Candidates residing outside France should take the test in their country. For more info, see the [CIEP website](#).

This exemption will allow them to bring their fees to the same level as those paid by French or European students.
