« Ne pas attendre à ne rien faire » DENIS BRIAND

Commissioned by Mathilde Dupré and Marion Hohlfeldt

Drawing, painting, volume, video... Denis Briand's work has developed through a commitment to diversity - in terms of forms, techniques and mediums. This diversity is also due to the a priori different fields to which the work pertains: comics, pictorial abstraction, cartography, geopolitics...

Also discover the exhibition "Denis Briand: Printed Works" at the Cabinet du livre d'artiste from January 30 to March 5, 2020.

+ Project Room | MARC GENEIX

Commissioned by: John Cornu

This project room presents a series of never-before-seen productions by French artist Marc Geneix (born in 1975), which draw inspiration from the media and cultural reservoir of contemporary society while combining know-how and vernacular cultures.
