Erasmus Days

Contenu sous forme de paragraphes

Erasmus days are three days of celebration of the Erasmus + program, mobility and more broadly of European citizenship.

The 2021 edition of this official European celebration will take place on October 14, 15 and 16 in many countries.

Since 2017, many countries have joined the French initiative to highlight the success of European mobility.

Every year, about 4,000 events are organized in more than 50 countries!

These three days are a great celebration of mobility and more broadly of Europe.
