

Launch of the "Réseau international Universités-Société (RÉIUNIS)"

Contenu sous forme de paragraphes

Rennes 2 is one of the founding members of the RÉIUNIS (the International Network: Universities-Society), whose official launch will take place on March 15th, 2022 with an online roundtable, scheduled as part of the 4th edition of the Spring of Research and Creation organized by the University of Quebec in Montreal.

The network aims to change the model of the university, its research and educational structure, as well as its social missions, in order to bring universities closer to society, and to engage their full potential in the search for solutions to the state of the world and the multiple challenges it faces today. Registration required.

The founding members include:

- University of Rennes 2
- University of Lyon 2
- University of Strasbourg
- University of Laval
- University of Quebec in Montreal
- University of Quebec in Outaouais

Official Program:

1st theme - 3:30 to 3:50 pm
