Rennes celebrates Europe

Contenu sous forme de paragraphes

Centered around the occasion of "Europe Day" (May 9th) and beyond, the city of Rennes is supporting public and nonprofit structures and organizations that offer events related to the European Union to learn more about its history and its concrete impacts in our daily lives.

Discover the many events that will be a part of this Europe-centric celebration program: multiple opportunities to meet, listen to each other and debate through film screenings, concerts, exhibitions, guided tours...

Don't miss: on May 14, a European cocktail party will be held to discuss the European Citizens' Initiative that was voted for by the people of Rennes.

The full program is available at: <https://metropole.rennes.fr/rennes-fete-leurope>;
