

Rennes 2's Cirefe Holds End of Semester Gala

At the end of each semester, students of the Cirefe come together to perform in front of an audience of friends, family and Rennes 2 community members. This highly creative and entertaining evening is the culmination of the work achieved not only in their French-language classes but also during the weekly artistic workshops which they follow. The goal of these workshops, which are led by professionals with teaching experience working in their artistic fields, is to help students more confidently express themselves in a dynamic French cultural context.

At the start of last week's gala, teachers of the Cirefe began by dedicating the evening to the memory of the center's Director Mathieu Plas. Students then took to the stage to perform musical numbers, theater plays, poetry and film and audio productions, all in French. The Tambour Auditorium, the Rennes 2 venue for cultural and artistic events, was close to full for the celebratory show. The evening ended with an informal social gathering, providing students with the chance to unwind and enjoy their hard-earned achievements.
