

Inauguration of the ESS Cargo Third Space

Contenu sous forme de paragraphes

The ESS Cargo, a new "third place" of almost 150 m² dedicated to the social and solidarity economy and social innovation, and intended for students, residents, organizations, workers and project leaders of the Villejean community district, is opening its doors on October 5th!

Starting from this date, the ESS Cargo will be open all year long, Monday to Friday, from 8:00 am to 9:30 pm and Saturday, from 9:00 am to 5:30 pm. This space will aim to offer a multitude of services by hosting multiple projects and educational, creative and festive events with the idea of creating a self-managed dynamic to animate the life of the neighborhood and the university and strengthen the social bonds between the two.

This building, located behind the Érève building, will have a shared work space with free access, a conviviality space with free access and two rooms available by reservation.

To celebrate the opening, the association ESS Cargo & Cie will organize a strong and festive time on Wednesday, October 5th, in order to highlight its activities and those of its members.
