

Upcoming Workshop: Applying for a Master's program in France

Since 2023, applications for entrance into first year Master's programs must be submitted through a new, unified online platform: "Mon Master". To increase your chances for success on this platform, join the **"Applying for a Master's" workshop at Cité Internationale Paul Ricoeur on March 6, 2025.**

Changes with the new "Mon Master" platform compared to the old application system?

A single deadline and platform:

- You no longer need to submit multiple applications for each Master's program or worry about different deadlines for different universities.
- You can apply to dozens of programs simultaneously across France.

However, keep in mind that:

- **Applications open early, starting on February 25, and you will have only one month to submit all your choices (February 25 to March 24).**
- Admission to Master's programs is now more selective.
- Once your application is accepted, you will have a limited time to respond to admission offers.

How to prepare?

By attending the "Applying for a Master's" workshop at CMI Rennes!

Experts will answer your questions and provide guidance on:

- How to use the platform
- How to write your CV and motivation letter
- How to prepare for interviews

Registration

This workshop is organized by **CMI Rennes**, the SOIE (Career and Entrepreneurship Service) of the University of Rennes, and the **SUJO-IP** (University Information and Career Guidance Service) of Rennes 2 University.

Date: Thursday, March 6, 2025

Time: 9:00 AM - 12:00 PM

Practical Information:

- Registration required
- Limited spots available
- Exclusive to international students from CMI Rennes member institutions (of which Rennes 2 University is a part)
