Rennes 2 University

About

EMERGE is a unique opportunity to draw on the diversity of the partner universities to develop innovative, cross-disciplinary training and research programmes, promote multilingualism and foster social inclusion. It will also help to increase the mobility of students and staff.

EMERGE aims to develop innovative, multi-disciplinary training programmes. **It will not only enable Rennes 2 University to showcase its expertise in arts, humanities, social, and sports sciences but will also enrich its practices by partners' shared experiences.**

This is why here in Rennes 2, we don't see EMERGE as a one-shot initiative but really as a long-standing commitment and a structuring project for the University.
