

Live Webinars: Preparing for Your Arrival in Rennes

As you start getting ready to move, you may have questions or concerns about the next steps — how to prepare, what to expect upon arrival, or how to settle in smoothly. International students - **particularly those who are directly enrolled in one of our degree programs** - will want to get familiar with the **International Mobility Centre (Centre de Mobilité Internationale -CMI) in Rennes**.

The team at the CMI Rennes will walk you through everything during a series of **live webinars**, designed specifically for incoming international students. You'll also be able to ask questions in real time.
