- improve their French language skills with 16 hours of French language and civilization courses,
- gain a greater understanding of French culture and
- take part in numerous cultural outings (including an excursion to the city of Saint Malo).

In order to provide the best possible offer, the number of participants will be limited to **20 people maximum**, with no more than 2 persons from any individual institution.

Priority will also be given to universities of the EMERGE Alliance (Rennes 2's European University Alliance). Applications from other partners are also welcome.
